

Mill Mountain Zoo's Spring Break ZooVenture is back! As in years past, each day has a special theme and is chocked full of fun and educational activities. There will be hands-on interactions with animals, guided zoo tours, games, art activities, stories and more. To make it easy for any schedule, parents can pick and choose half days or full days and can enroll their children in one day or in all three!

## Registration

**Zoo Venture** is designed for students ages 5-13. Half day camps run from 9am-12pm or 12:30-3:30pm. Campers can also be enrolled in the full day from 9am-3:30pm. All camps are outdoors and occur rain or shine, so students must dress appropriately. Tennis shoes are required. Full day campers should bring along a lunch that does not require refrigeration. The zoo will provide water and juice.

**Registration deadline is April 8, 2019!**

Reservations can only be made with full payment. No refunds are given unless the zoo cancels camp. Space in all camps is limited. To register, fill out the attached form and return to the zoo with full payment. Registration may be faxed, mailed, e-mailed or dropped off at the zoo. **No phone reservations will be accepted.** Please call or email Bambi Godkin with additional questions at (540) 343-3241 x23 or [education@mmzoo.org](mailto:education@mmzoo.org).

## **Camp Schedule**

### **Tuesday, April 16-Eew, That's Gross!**

Scent marking, regurgitation, eating your own skin and even eating your own...dare we say it? Poo! These are just a few of the behaviors animals can engage in that people may find pretty yucky. Campers will spend the day learning why these behaviors are so important and how they actually help animals survive.

### **Wednesday, April 17-Extreme Animals**

Many animals have amazing abilities that allow them to do extreme things. How does a snow leopard stay warm in cold mountain temperatures? What helps certain animals feel so at home in the water? Campers will explore these adaptations and many others that allow animals to live and thrive in extreme conditions and do extreme things.

### **Thursday, April 18-Animal Detectives**

What makes a bird a bird or a mammal a mammal? Do reptiles always have scales? Campers will learn about how animals are classified and use their detective skills to identify various animals at the zoo.
